## GOAT YOGA

Goat Yoga has many benefits! Goats teach us to be present, live in the moment, and take what life throws at you.

Spanky & Pippin are trained to do Goat Yoga and interact with yogis in the following ways:

- Jump on backs to help improve core strength
- Run underneath legs to test balance
- Use front hooves to deepen stretches
- At the end of class, we take shavasana on our bellies so the goats can give everyone a goat massage!

Our goats are on leashes during Goat Yoga - this is so we can guarantee safety and that the goats will visit each yogi multiple times during class. We stay afterwards so that everyone can snap that perfect photo for Instagram. We do in-studio, private, and corporate events!

# HOME LIFE

Spanky and Pippin were born at Cottonwood Croft in Inyokern, California in January 2017. Goat Mom + Dad (Scout + Robby) adopted them at 2 months old, and they've been blowing up the LA party scene ever since! They share their home with a Cat, 3 Pups, 3 Ducks, 3 Turtles, and 2 Hermit Crabs. Both are trained to perform for camera and to do goat yoga. Pippin is a parkour master and Spanky can even shake a hoof!

Scout is a life-long animal-lover and advocate. She's a child-actor, turned Animation Producer, turned Goat Mom & CEO. Spanky & Pippin brought her so much joy, she thought that others might enjoy hanging out with them too. She loves making a positive difference in people's lives through the silly antics of her goats!

## GOAT FACTS

Goats are fuckin' cool! They help you be present, forget your worries, and not take life too seriously!

### You Can Never Sneak Up on a Goat!

Their rectangular pupils allow them to see 320 degrees around their body.

### Goats Have 4 Stomachs:

Like cows and other ruminants, goats chew cud and produce methane as part of their digestive process. They are gassy goats!

### Spanky & Pippin's Horns Serve a Purpose:

Horns release heat from their bodies to help them cool down.

### Goats Love People:

Goats were one of the 1st animals domesticated by humans - so we've loved each other for thousands of years!
